DETAILED ACTION

Allowable Subject Matter

1. Claims 1,2,3, and 10 are allowed.
2. The following is a statement of reasons for the indication of allowable subject matter: as to claim 1, the prior art of record does not teach nor render obvious the overall claimed combination of **a pair of anchor strips equidistantly displaced from a rib injury in a manner to allow at least one elastomeric strap is positioned across the injury to be coupled to a plurality of fasteners on the anchor strips.** Therefore, the invention defined in claim 1 is novel.
3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Claim Objections

4. Claims 4-9, and 11 are objected to because of the following informalities: following limitations are not in the drawing: claim 4 "buttons and button holes", claim 5 "snaps", claims 6-9, and 11 "pad".
Appropriate correction is required.

Drawings

5. The drawings are objected to under 37 CFR 1.83(a). The drawings must show every feature of the invention specified in the claims. Therefore, the following limitations: claim 4 "buttons and button holes", claim 5 "snaps", claims 6-9, and 11 "pad" must be shown or the feature(s) canceled from the claim(s). No

Art Unit: 3743

new matter should be entered. As to claims 4-9, and 11, applicant is requested to provide appropriate figures disclosing the claimed element/limitation in order for the claims to be considered for the examination purposes.

6. Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. The figure or figure number of an amended drawing should not be labeled as "amended." If a drawing figure is to be canceled, the appropriate figure must be removed from the replacement sheet, and where necessary, the remaining figures must be renumbered and appropriate changes made to the brief description of the several views of the drawings for consistency. Additional replacement sheets may be necessary to show the renumbering of the remaining figures. Each drawing sheet submitted after the filing date of an application must be labeled in the top margin as either "Replacement Sheet" or "New Sheet" pursuant to 37 CFR 1.121(d). If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

Conclusion

7. The prior art made of record on form PTO-892 and not relied upon shows splints and elastic wrap for rib injuries.
